

CORPORATE REVIEW

Beginning Monday, September 1, 2015

All New IBOs may Fast Track by recruiting 10 Qualified IBOs or enrolling 10 Members or any combination of Qualified IBOs and Members. Any new IBO will have thirty (30) days from their start date to complete their Fast Track to RSD. A qualified Fast Track RSD will receive a Fast Track Bonus of **\$300***

We are making it easier to promote to the other pin levels. To be “commission qualified” at each pin level you must have the following:

SRSD = 3 Qualified RSDs*
ESD = 6 Qualified RSDs*
SESD = 9 Qualified RSDs*
NSD = 12 Qualified RSDs*

*A Qualified RSD must have a minimum of \$100 (4 active members/IBOs) or more in MR each month. This \$100 MR requirement will not apply to any IBO with an active date prior to September 1, 2015

All existing IBOs and Sales Directors who have not reached the level of NSD or above will have to promote under the new qualifications, effective September 1, 2015. However, you will get credit for your current Pin Level, whether or not your RSDs are qualified.

Example: If you are currently a SRSD and only have one Qualified RSD direct to to, you only need 3 new Qualified RSDs (total of 6 RSDs) to promote to ESD.

** All business used to promote to any Fast Track level is subject to verification and audit. AmeriPlan may hold the Bonus until the business is verified as good business. AmeriPlan reserves the right to chargeback prize monies paid out if warranted.*

FAST TRACK PROGRAM
